CISCO STEM INNOVATION CHALLENGE 1

On September 27th, 60 NFTE students will be invited to Cisco to learn about the Internet of Things, and how to apply network computing to solve real world challenges.

Teams of 3-4 students will be working on one challenge from this year's [World Series of Innovation](#) and wire frame an app idea that addresses a problem connected to the United Nations Sustainable Development Goals. Up to 50 mentors from Cisco will support students as they develop the user interface and craft their final pitch for the competition. No coding skills needed.

WHEN: Tuesday, September 27, 2016 from 9:00 AM to 3:00 PM (PDT)

WHERE: Cisco BLDG J – Gateway Conference Center - 255 East Tasman, San Jose, CA 95134
